## Turkey and Gammon Pie

Your pie will arrive in an aluminium pie container; ready to be baked. Place it in the fridge or freezer on arrival. Your pies have a five-day shelf life or can be frozen for up to six months.

Serves 2-4 people.

### COOKING INSTRUCTIONS:

When ready to cook, pre-heat the oven at 180c.  
Place the pie on a baking tray and cook for 35 minutes.

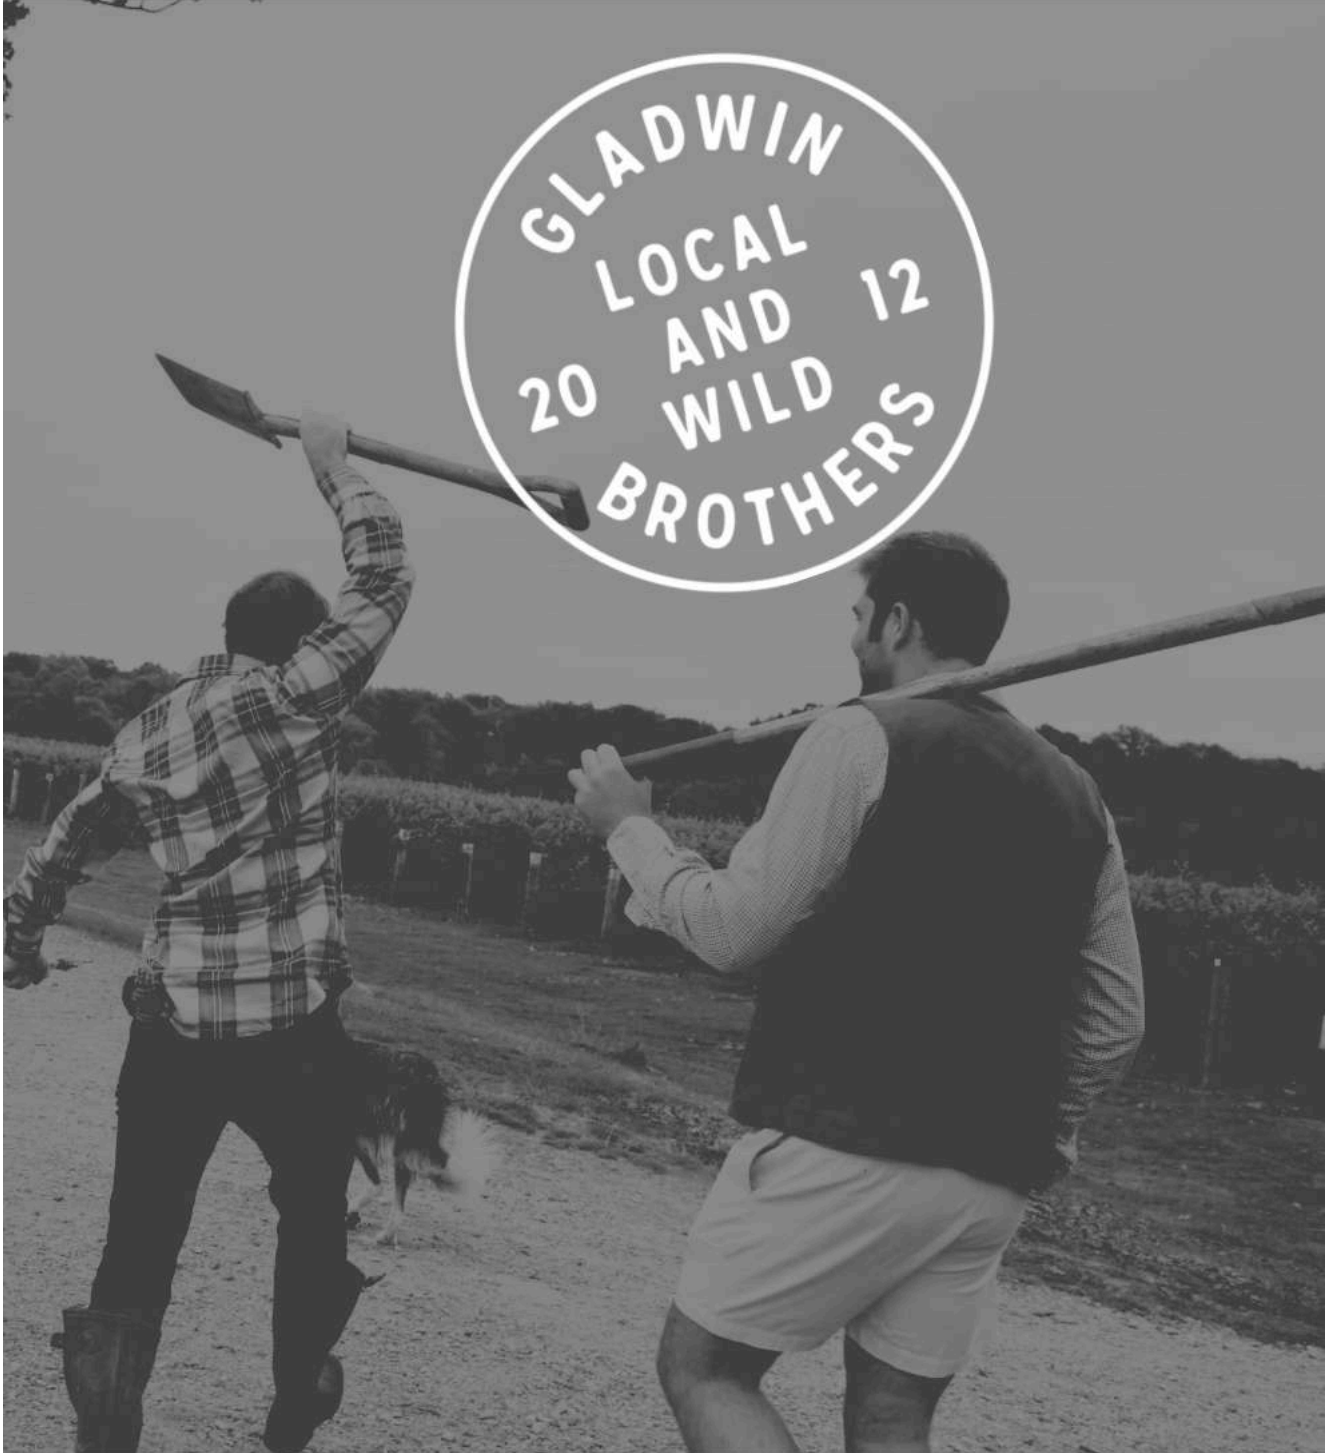

Remove from the oven then, if you wish, carefully remove from the aluminium container.

Present the pie on an attractive platter and slice at the table.  
We recommend serving it with a colourful seasonal salad and a fresh herb salsa.
